

3 Our pets WB 9 p.63

13 p.129

a) Listen and read along. What do you find interesting? L 1.48

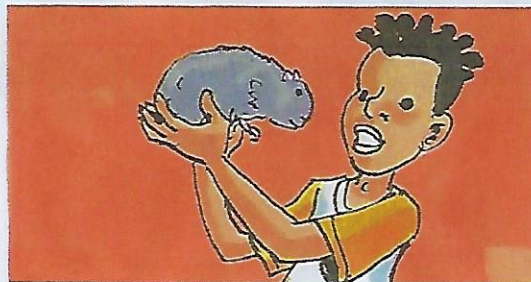

Sir Barks-A-Lot is a really friendly dog. He doesn't bite and he doesn't bark a lot. But I like his name. He can do some funny tricks and he likes swimming. He sleeps in a basket and sometimes on the sofa. Sir Barks-A-Lot eats meat and he loves eggs. I usually walk him after school.

Our budgies are funny. Their names are A and B. A is green and B is yellow. We keep them in a big cage. They often fly around in the flat, too. I talk to A and B a lot. B doesn't talk, but A can say my name. Our budgies eat seeds and they love apples.

Bagheera is very sweet. She doesn't like dogs, only Sir Barks-A-Lot. She often plays in the garden and she can run really fast. Sometimes she catches mice and eats them, too. But she usually eats cat food. Bagheera sleeps in a basket.

Our guinea pig Baloo is really cute. He lives in a cage in my sister's room. I often take him to my room. I play with him and he can run around. He's very fast. Baloo drinks water and he loves eating fruit and vegetables.

b) What do the children say about their pets? Copy the table and complete it.

	can	eats and drinks	lives/sleeps in	other information
Sir Barks-A-Lot	friendly dog, ...
A	...	seeds, apples
B
...

c) Which of the five pets do you like best? Why?

3.1 p.135
3.2 p.135
